

## >Business Valuations

A Business Valuation is an organized approach to determining the fair market value of a business. It takes into account all factors of the business, not just the value of the underlying tangible assets. Business Valuations and Litigation Consulting services are most commonly required in conjunction with:

- Buy/Sell Agreements
- Spin-Offs
- Sale or Purchase of a Business
- Marital Dissolution
- Financing Arrangements
- Succession Planning
- S Corporation Election
- Employees Stock Ownership Plans (ESOPs)
- Mergers or Acquisitions
- Estate and Gift Taxes
- Charitable Contributions

### Our Business Valuations Experts

Roger Deuth, CPA, CVA, ABV, and Mike Johnson CPA, CVA, ABV, are available to assist with business valuations and litigation consulting services including: Conclusion of Value, Calculation of Value and Consulting. Both Roger and Mike have over 30 years of experience in the accounting industry. They earned the designation of Certified Valuation Analyst (CVA) by completing an intensive training and testing process with the National Association of Certified Valuation Analysts (NACVA). They earned their Accredited in Business Valuation (ABV) credentials based on their experience, education and knowledge of the Business Valuation industry.
